Testsuite TS00001 - Update Dashboard - revision 1.0

SUT: SUT00004 - FinanceTracker 2.0.0

Testresults per Testrun

Please note that a testcase can have several testruns, therefore the sum of the testresults must not necessarily equal the amount of testcases.

Testcase TC00022 Rev-1.0

Tests the automatic update of the dashboard by adding a new standing order.

Id:	TC00022
Creator:	Talal Arif
Created:	15.03.2016
Precondition:	The application is installed on the device. Connection to the server exists.
Postcondition:	The dashboard has been updated.
Traceability:	Requirement 1.2.4 in testplan_16.txt

Test Run: P00017-TRU0000077

Execution date: 21.04.2016

Test result: Failure

Test summary: Dashboard is not updated after creating new standing order.

Step 1

Precondition	Action	Postcondition
The application is installed on the device.	Start the application by pressing the blue icon button.	The application has started successfully.
Step result	Step summary	Step description
Passed		

Step 2

Precondition	Action	Postcondition
	Select the "Standing orders" button that is found in the main menu.	
Step result	Step summary	Step description
Passed		

Step 3

Precondition	Action	Postcondition
	Select the gray plus.	
Step result	Step summary	Step description
Passed		

Step 4

Precondition	Action	Postcondition
	Enter: Beneficiary of payment: "Max Mustermann" IBAN: "DE19 1234 1234 1234 1234 12" Amount: € 100,- Invoice: 38745 Time interval: monthly and confirm by pressing the "Send" button found on the left side.	
Step result	Step summary	Step description
Passed		

Step 5

Precondition	Action	Postcondition
Connection to the server exists.	Enter TAN: 1234 and press the button "Confirm".	
Step result	Step summary	Step description
Passed		

Step 6

Precondition	Action	Postcondition

Connection to the server exists.	Return to the start screen of the application by pressing the "Back" button.	Dashboard was updated.
Step result	Step summary	Step description
Failed	Dashboard has no new entry.	The recently created standing order is not visible on the dashboard.

Test Run: P00017-TRU0000076

Execution date: 21.04.2016

Test result: Passed
